

The biggest Amateur Radio event of the year, [Field Day](#), is this weekend.

Find an event near you and experience Ham Radio!

## Top links

### [2015 Field Day locator](#)

Field Day is June 27-28, 2015. This page is intended to show public Field Day sites that members of the public and media can visit.

[ARRL](#)

### [How do you choose where to go for Field Day?](#)

The "get on the air" station is designed to get new hams and members of the general public on the air and let them make contacts.

[KB6NU](#)

### [Good operating habits on Field Day](#)

Give a listen and notice how K5PO keeps the contacts short and to the point, clearly communicating using phonetics.

[K0NR](#)

### [Significant solar event may impact Field Day](#)

SWPC has issued a Moderate (G2) geomagnetic storm watch for June 27 and 28. This is significantly weaker than the storm that peaked at Severe (G4) levels earlier this week.

[Indiana Section ARES / NOAA](#)

### [W1AW Field Day Bulletin schedule](#)

All classes of Field Day stations can earn **100 bonus points** for copying the special Field Day bulletin transmitted by W1AW.

[ARRL](#)

### [MF demonstration for ARRL Field Day 2015](#)

Many of us that are active Part 5 stations on 630 meters are planning on repeating the Field day greeting event during ARRL Field Day.

[NJDTechologies](#)

## **Field Day publicity**

Club members attempting to tell what's happening at their Field Day site need to avoid ham radio jargon. "Be 'less hammy' about it."

[ARRL](#)

## **ISS voice contacts for Field Day 2015?**

Possibly no FM voice contacts like we enjoyed last year for Field Day, but program Region 1 and Region 2/3, Packet, and SSTV and be ready—just in case!

[Southgate](#)

## **Camping and talking this weekend during Field Day**

Hams, who set up radio stations outdoors and run them on generators, will try to contact as many stations as possible during a 24-hour period.

## **Video**

### **2014 Field Day**

Contacts were of a secondary concern this year, as we all focused on experimentation with radios, power, and antennas.

[KF7IJZ](#)

### **Field Day from space**

Astronaut Reid Wiseman (KF5LKT) describes his experience working Field Day from space.

[AMSAT UK](#)

### **2014 Field Day ISS contact**

Surrey Amateur Radio Club makes contact with ISS during last year's Field Day event.
